SKILLS

- **Programming Languages:** Java, JavaScript, Python
- **Frameworks:** React.js, Next.js, Express.js, Node.js
- **Databases:** MongoDB, MySQL
- **Design and UI:** Figma, Tailwind CSS Bootstrap

EDUCATION

- Bachelor of Technology Computer Science and Engineering
Amity University Noida Uttar Pradesh 2022-26
(CGPA 8.28)
- XII (CBSE) | DAV Public School Sec 37 Faridabad Haryana 81.0%| 2021

PROJECTS

- **Portfolio website ([Link](#))**
Tech Stack: Next.js Express.js Tailwind CSS Material UI

Developed a responsive, full-stack portfolio website using **Next.js**, showcasing personal projects, skills, and achievements. Implemented a dynamic and minimal UI with light and dark modes to enhance user experience and integrated a backend for managing content and handling emails.
- **Saver Expense tracker ([GitHub](#))**
Tech Stack: React.js Express.js MongoDB Chart.js Tailwind CSS Material UI

Website to manage and track user expenses. Integrated **Chart.js** for visualizing expense categories and designed features for adding, editing, and viewing transaction details. Enabled users to download detailed reports and implemented secure **JWT authentication** for authorized data access. Used **Axios** for efficient frontend-backend communication and designed two schemas for managing users and transactions effectively.
- **Forever Ecommerce ([GitHub](#))**
Tech Stack: MongoDB React.js Express.js Tailwind Cloudinary

a full-stack MERN e-commerce website with distinct user roles for Admin and User. Users can add products to their cart, check out, and pay securely using Razorpay or Stripe payment gateways. Admins can manage inventory by uploading products, tracking orders, and uploading product images. Implemented secure JWT authentication for role-based access control.
